

No VAT hike at Muchenje!

February 2010

The Botswana government has announced a VAT increase to 12% from 1st April 2010. But Muchenje won't be increasing our prices!

During the opening of Botswana's Parliament and Budget speech, it was announced that the country's VAT will increase from 10% to 12%, as from the 1st of April 2010. But unlike most other properties in Botswana, there will be **NO PRICE INCREASE** at Muchenje Safari Lodge.

Muchenje prides itself on their relationship with travel trade partners and Tour operators. As confirmation of our loyalty to our tour operators and clients, we will absorb the extra costs on all new and existing bookings. We hope this will make life a little easier for you. And this makes us even better value for money!

We look forward to looking after you very soon.

Best Regards,

Matt & Lorna Smith and the entire team at Muchenje
